

## **Sammie Sparks' List of Accomplishments**

**Sammie likes electronics. He wants a job in electronics.**

I like electronics. My mom says it is my passion.

I can do the following: wire components, work with components, replace components, service, assemble, disassemble parts

I know how to solder, identify components and know their real names, read schematics/diagrams, use test equipment such as oscilloscopes, voltmeters, signal generators

I read electronics magazines such as Popular Electronics.

I read the Radio Shack catalog and go to electronics stores such as Radio Shack, Best Buy, Circuit City, CompUSA.

I took electronics classes at the VoTech and one class in high school

I repair tape records, stereo receivers, my family's TV, car radios

My neighbor is a mechanic and I hang around his shop.
